WINTER 2025

BLACK ISLE EAST CHURCH DIGEST

Your paragraph text

WELCOME!

We are now in Winter 2025 and here is the 3rd edition of our Church Digest.

The “Church Digest” aims to give us insight about church life in Black Isle East Church of Scotland – especially as we develop as a new expression of church in this area in the mid- 2020s. It also reminds us of opportunities to connect to mission-related activities happening around us in the Beauly Firth area and organised by the new Presbytery of Clèir Eilean ì – the church of Scotland in the Highlands and Hebrides.

Black Isle East Church of Scotland has been in existence for almost two years now, as congregations from the villages of Avoch, Fortrose and Rosemarkie and Cromarty have come together as one church - meeting for worship on Sundays in Rosemarkie. Encouraging activities and events across the new wider parish – we’ve had Explore groups in Avoch and Cromarty as well as regular groups meeting in Fortrose-Rosemarkie. As you can see from the cover - building renovations are also under way ... More information about what we do can be found on our website - especially on the “Activities” page.

We hope that you will enjoy reading about the joint life of our congregations in the east of the Black Isle!

WHO IS MY NEIGHBOUR?

Ness Bank Church of Scotland in Inverness

Situated on the riverside, in the heart of Inverness, next to the Castle, Ness Bank Church aims to be “a church without walls reaching out in faith to their parish and beyond”. Their website - www.nessbankchurch.org.uk - claims “at the heart of all that we do week by week is our faith in Jesus Christ and central to that is our Sunday morning worship.”

During the week Ness Bank partners with Inverness Foodstuff to provide lunch for the homeless three days a week (Tuesday, Thursday, Saturday) along with a range of medical and practical support services. The halls are also used to provide addiction support for alcohol and drug abuse, as well as rehearsal space for several musical groups. The church’s own organisations – Crafties, Toddlers, Guild, Boys Brigade, and Messy Church – also meet there regularly. And over the winter Ness Bank hosts a Cosy Café in the Bught area of their Parish.

The Rev. Stuart and Elspeth Smith joined the church in June 2024. Stuart recently quoted words found in a reflection on the centenary of the current church building in 2001: “Now is the time to take a fresh look at old problems, a time to dream dreams and see visions.”

The current vision is to redevelop the Sanctuary space – at a cost of over £1 million! – to improve access and open a café that will bring thousands of visitors to Inverness into a place of Christian welcome, witness and worship.

“Now is the time to take a fresh look at old problems, a time to dream dreams and see visions.”

SING A NEW SONG

Robert S Moore

Immanuel (Ruth Campbell)

This year, we have added something new to our annual Christmas music repertoire - "Immanuel" by Ruth Campbell. This has a local connection as Ruth, who was born in Inverness, also taught for a time in Fortrose Academy. She now lives in Ayr but often features with her group when local churches in the Beaulie Firth area have a "Praise and Worship" evening.

Ruth, along with her colleague Susan Stirling, played and sang, last year, in Fortrose Free Church. She has also performed at the "Refuel Festival" in Fochabers, so some of you may have had the pleasure of hearing her in other settings.

Last November, on her Facebook page, Ruth wrote:

"Well, the wait is over ... Here is our new song
"Immanuel! I've always wanted to write a Christmas
song and back in September I sat at my piano and
asked God what would you like me to write?"

'What love from the Father, who gave us His son' is
how it started and over the next few weeks the song
grew. I had to keep checking and going back to my
bible, who came first - the shepherds or the Kings -
where was the star?!

I knew that I had a deadline looming and God
graciously gave me this song in time to share ...
[at]Christmas."

**"God sent His son,
to a manger and cross -
for He loves His dear children
and wants none to be lost."**

One of the key lines from the song "Immanuel"
captures the heart of the Christmas message: "God
sent His son, to a manger and cross - for He loves
His dear children and wants none to be lost."

You can listen to "Immanuel" on Apple Music,
Spotify and Amazon.

FAITH IN SCOTLAND

Jack Kernahan

Going Forward - a conference at Highland Theological College (Aug 2025)

This important two-day conference about the Church and the Future, organised by Highland Theological College (University of the Highlands and Islands), was held in Dingwall at the end of August. Several speakers gave great encouragement for Churches to move forward in faith with confidence.

Elaine Duncan, chief executive of the Scottish Bible Society, stressed the vital importance of reading and spreading God's Word. 6.1 billion people have the Bible in their own language. Translation should lead to transformation and there are many programmes and 'tools' available to help in 'spreading the Word.'

Elaine gave offered examples from the Scottish Bible Society: a new contemporary version of the Story of Jesus, his church, and the world he came to save - entitled *Love, Death & Resurrection*. Another project that aims to encourage bible reading with the younger generation is entitled *Bibles for Bairns*. The work of the Scottish Bible Society reminds us that we need to provide the bible and its contents in forms that connect with readers of all ages in today's Scotland.

Going Forward - cont.

Jim Stewart was another speaker who looked at the issues facing the church in today's world. He discussed the need for the church to take more seriously the issues of connecting with the wider world beyond the church.

In an age when many are indifferent about Christianity it was sobering to be reminded that it took only one generation for God's people to turn away from Him after entering the Promised Land. He reminded his audience of comments in the Old Testament like Deuteronomy and Joshua that encourage passing on the Good News to the next generation. *"Fix these words of mine in your hearts and minds ... Teach them to your children, talking about them when you sit at home and when you walk along the road."*

LIFE|EXPLORED

Jim stressed the importance of developing intergenerational worship in churches and of being ready to offer support to schools where that is possible. He also talked about the importance of reshaping church structures to have more activities that were *relational* giving examples of activities like Alpha and Christianity Explored, as well as encounter groups in church and home and new ventures like Messy Church.

Black Isle East has been paying attention - our Explore and Bible Study groups meet regularly offering a range of spaces to interact and reflect!

Medical Aid for Palestinians (MAP)

Douglas and Linda joined a major fundraising project called Stride, the aim of which was to raise funds for Medical Aid for Palestinians to support the people of Gaza.

The charity MAP has provided medical aid for 40 years for the people of Palestine who suffer relentless attacks and harassment from illegal settlers and from the Israeli military.

They provide immediate medical aid for those in need while developing local capacity and skills to maintain a health care system which under tremendous strain in the West Bank and has been all but obliterated in Gaza.

In addition to their work in health care, an important aspect of MAP's work is to bear witness to the injustices and humiliations experienced by Palestinian citizens every day of their lives under what amounts to a two-tier system of everyday life. They have a strong voice in the UK and internationally ensuring that the ongoing plight of the indigenous people and the political and social barriers which mitigate against their reasonable expectations of health and dignity are properly addressed.

Particular areas of activity include Women's and Children's Health, Emergencies and Complex Hospital Care, Mental Health and Psychosocial Support, Campaigns and Advocacy and Disability.

Following the events of October 7th (2023), there has been a huge loss of life and destruction in Gaza (over 70,000 people according to the Hamas-run health ministry) and given the constant brutal onslaught on defenceless civilians in the West Bank the need for principled and courageous organisations like Medical Aid for Palestinians has never been greater.

The basic idea behind Douglas and Linda's charity walk (with Katherine) was to walk or run the equivalent of the perimeter of Gaza, a distance of 98 km, during October. According to Linda, "Katherine ran, while (not surprisingly!) Douglas and I walked ..."

Their efforts have been rewarded - thanks to the generosity of friends in the church and local community a total of £1,700 has been raised while the overall project raised over £300,000.

CREATIVE CHURCH - CRAFTS PROJECT

Knitted Poppies for Remembrance 2025

As we know from an earlier edition of the Church Digest with the report on the Crafts Group's embroidery to celebrate the 200th Anniversary of the Rosemarkie church building - "crafts" play a creative role in the community and in the life of the church - and this Autumn was no different!

An imaginative project that has emerged this year - with a lot of thinking and knitting behind the scenes - has been a project to create Knitted Poppies for Remembrance Sunday.

Edith Grigor conceived the project and shared the knitting with Sheila Paterson and Rosalyn Penwright - working away over many months gathering materials and then getting on with creation itself!

The Knitted Poppies were put up at two sites - on the black metal arch at the entrance to Black Isle East at Rosemarkie and under the stone arch of the gates at Fortrose Cathedral where the Memorial notices are located in Fortrose.

We commend the Knitted Poppies for Remembrance team on their conception and completion - this brought a deeply moving artistic enhancement to the settings of our Remembrance services this year.

CREATIVE COLLECTIVE - VISUAL ARTISTS

Blame Bez and Oho!

Blame Bez. He's the main one – and his mate Oho. Thanks to them a group of us got together with some fun bits-and-pieces for a display.

There were paintings and drawings and some wonderfully coloured fabrics and needlework. We found a corner in the church and balanced our work on pews, a table and the tops of some old sound-amplifiers.

And it was all thanks to these two characters Bez and Oho – full names: Bezalel and Oholiab. Bez started it off. He had skills, ability and teaching in all kinds of art-work. Then Oho came along and he was very good with his hands, He made making with amazing colours – blue, purple, scarlet and even touches of gold. They were also into wood and stone-carving.

Bez was also the first person in the Bible to be recorded as filled with the Spirit. What a great combination – an artist and craftsperson filled with the Holy Spirit of God! Of course, many of us know the stories. Read all about it in Exodus 35 and 36!

**“ ... all thanks to Bez and Oho – full names:
Bezalel and Oholiab -
read all about it in Ex 35 & 36!**

Ian Bassham - watercolour on paper;
artwork for Christmas Card to celebrate the
200th anniversary of the Rosemarkie church building.

The caption reads:

**“I’ve been coming to this building for 200
years and I still can’t find the chimney!”**

Editor’s note: ‘Saint Nicholas’ should try again this
Christmas - he’ll find the scaffolding for the
renovations a big help ...

So, Bez and Oho are our inspiration and of course the Psalms are full of enthusiasm to use the arts in poetry, musical instruments and singing – ‘sing a new song to the Lord’! (Psalm 144:9).

With encouragements from our minister, Warren Beattie, those involved in the exhibition were a collection of creatives from the church: Stewart and Edith Robertson, Douglas and Linda Simpson, Ian Basham, Sylvia Brooks and William Mather.

“Art matters” says the author Alistair Gordon-quoted in a recent sermon by Warren – “because the Bible is gleaming with creativity and the arts” - I’m sure Bez and Oho would agree.
